STRUC Kovačija Muta d.o.o.
since 1573

A close-up, artistic photograph of a typewriter's internal mechanism. The focus is on the carriage and the typebars, which are arranged in a dense, repeating pattern. The lighting is dramatic, highlighting the metallic surfaces and the intricate details of the machine. The background is blurred, emphasizing the foreground components.

STRUC KOVAČIJA MUTA

Tradicija, funkcionalnost in sodobnost.

Železarstvo na Muti je obstajalo že leta 1573. Osnovni pogoji za njegov razvoj so bili bogati pohorski gozdovi, vodna sila in nahajališča železove rude.

V svoji zgodovini je tovarna na Muti zamenjala več lastnikov, svoj največji razcvet pa je dosegla leta 1997, ko je novi lastnik postal g. Adolf Struc iz Nemčije. Na domačem in tujem tržišču se vedno bolj uveljavlja kot proizvajalka poljedelskega, vrtnega in cvetličnega orodja.

Izdelki, ki prihajajo iz tovarne Muta se ponašajo s skrbnostjo izdelave in kakovostjo, ki sta slavo tovarne vzdrževala skozi pretekla 4 stoletja, obenem pa so plod znanja in raziskovalnega dela strokovnjakov tovarne.

STRUC KOVAČIJA MUTA

Tradition und Gegenwart.

Alte Urkunden belegen, dass im bereits im Jahr 1573 Eisenhütten in Muta angesiedelt waren. Die Entstehung und die spätere Entwicklung der Eisenindustrie war möglich, weil die Gegend reich an Eisenerz, Holz und Wasser war.

In seiner langen Geschichte hat das Werk in Muta mehrmals den Eigentümer gewechselt, Höhen und Tiefen erlebt und erblühte im Jahre 1997, als Herr Adlof Struc der neue Eigentümer geworden ist. Heute ist STRUC Kovačija in Muta auf dem heimischen und dem internationalen Markt ein angesehener Gerätehersteller für Gartenbedarf und Landwirtschaft.

STRUC Kovačija Muta ist seit ehedem bekannt für die erstklassige Qualität und sorgfältige Ausarbeitung aller Erzeugnisse. Motivierte Fachleute sorgen für die Weiterentwicklung der bewährten Geräte und die Entwicklung neuer Modelle.

STRUC KOVAČIJA MUTA

Ironworking in the past and nowadays.

Muta has been holding tradition in ironworks since 1573. Its progress has been essentially based upon rich woods of Pohorje, abundant water power and iron deposits.

In the past the ironworks in Muta changed many owners. Since 1997 with the new owner, Mr. Adolf Struc from Germany, the factory is experiencing its golden age and establishing itself by launching its products - agricultural and garden tools - to home and foreign markets.

The products of Muta take pride upon their workmanship and prime quality that has maintained the good reputation of the factory for the last four centuries. At the same time they are the result of knowledge and research work of Muta specialist.

Znotraj podjetja STRUC Kovačija Muta d.o.o. deluje naše hčerinsko podjetje STRUC Ekoing d.o.o..
